

# Paris Campus

As part of its development, the ESC Lille Group has acquired a second state-of-the-art campus, in Paris, in the Villette district.

The Paris Campus has two floors in the Villette Tower, i.e. 2,045 square metres with top quality equipment (media centre, connected classrooms, wifi, study rooms, and computer labs).

Students have access to the coffee shop and the restaurant of the Villette Tower.

ESC Lille Paris campus is located in a very convenient part of Paris: in the booming business centre of the 19th district, next to La Villette Exhibition Park, the ring road, and near Charles de Gaulle airport, and the Gare du Nord train station.

## The City of Paris

The City of Lights continues to be one of the most stimulating cities in the world as a centre of cultural and economic activity. At the heart of French business, intellect, history, education, art and entertainment, Paris hosts millions of visitors year-round who come to marvel and share in her endless wonders.

Competitive industries, business innovations, high-level education, and tourism have turned Paris into the favourite city of business professionals and young graduates.

For the career-oriented youth, Paris is the place to be and ESC Lille Paris Campus enables French and international students to learn and work in a city of unlimited opportunities.
