

Career assistance

Each student and professional enrolled in one of ESC Lille's programmes benefits from:

- The

Career Development Service's help and professional counselling, throughout the year. This service aims to facilitate participants' professional development and competencies through a wide range of services, including:

- Advice for application (CV, cover letter, job interview skills), a corporate contact database, job and company profiles, internship reports from previous years, direct access to the main recruitment websites, and 5,000 internship offers per year.
- A cycle of professional preparation and customised counselling to help participants find internships:

- In-depth analysis of professional projects and study of the targeted job market

- Help writing cover letters and application forms

- The

ESC Lille Alumni Association's help, that takes care of graduates and offers career management workshops (subjects include: job-hunting strategies, networking, recruitment agencies...) and services such as recruitment tests, conference and testimonies on career paths, and regular Business Breakfasts.
